TONIOK LEKAKENY

BSc Information & Communication Technology · JOOUST, 2024

ICT Support · Data & Systems · Network & Web · AI & Annotation

Narok / Ololulunga, Kenya · +254 707 762 837 · tlekakeny@gmail.com

PROFESSIONAL PROFILE

BSc ICT graduate from Jaramogi Oginga Odinga University of Science and Technology (March 2024) with 3+ years of parallel hands-on experience across ICT support, web development, data management, and AI training platforms. Skilled at working independently and in teams, with demonstrated ability to deliver reliable ICT solutions in both government-adjacent and private-sector environments. Equally capable in on-site or remote roles. Native-level English and Swahili. Available immediately.

EDUCATION

BSc Information and Communication Technology

Jaramogi Oginga Odinga University of Science and Technology (JOOUST) · Sept 2019 – March 2024

- Google Ads Measurement Certification — Google, 2023
- Google Analytics Certification — Google, 2023
- Introduction to Critical Infrastructure Protection — 2023
- Google Creative Certification — Google, 2023
- DESKAPM Certificate — 2023

CORE TECHNICAL COMPETENCIES

- ICT Hardware Support & Troubleshooting
- Network Setup & Administration (LAN/WAN/Wi-Fi)
- Web Development (HTML, CSS, JavaScript)
- Database Management (MySQL, structured data)
- Systems Administration (Windows, macOS, Linux basics)
- Data Entry, Management & Quality Assurance
- Software Installation, Configuration & Support
- Digital Records & Document Management
- AI Data Annotation & Content Moderation
- Technical Writing & End-user Support

PROFESSIONAL EXPERIENCE

Web Developer & Data Analyst

Uwezo Fund Oversight Board · Nairobi, Kenya · 2023 – 2024

- Built and maintained data-oriented web systems aligned with government project specifications and data-handling standards
- Managed and validated large structured datasets to support accurate reporting and operational decision-making
- Applied systematic quality-assurance procedures to identify data inconsistencies and maintain record integrity across digital systems
- Delivered outputs independently within tight timelines, translating technical data requirements into practical, audit-ready results
- Collaborated with non-technical staff, providing ICT guidance and end-user documentation

ICT Assistant

Value Digital Co. Limited · Kenya · May 2022 – March 2023

- Performed high-volume data entry, verification, and digital record maintenance across multiple platforms
- Reviewed and quality-checked administrative and data outputs to reduce error rates and maintain documentation standards
- Provided first-level ICT support — device setup, software configuration, and troubleshooting for staff
- Supported diverse digital-data tasks requiring reliability, precision, and adherence to detailed instructions

Data Annotator & AI Content Moderator

Outlier · Mercor · AnnotTask (Remote) · 2023 – Present

- Label, review, and categorise text, image, and video datasets against strict guidelines for global AI training pipelines
- Write and evaluate prompts for large language model training; assess AI output quality, accuracy, relevance, and safety
- Maintain high acceptance rates across concurrent platform engagements through rigorous self-review before submission
- Adapt rapidly to updated project guidelines; demonstrated ability to follow complex written instructions precisely
- Platforms: Outlier, Mercor, AnnotTask, Atlas Capture, Turing, Handshake AI, Silencio

ICT SKILLS RELEVANT TO KENYAN EMPLOYMENT

Hardware & Support

- Desktop & laptop setup, configuration, repair
- Printer and peripheral installation
- Basic networking — routers, switches, access points
- OS installation (Windows 10/11, Ubuntu)
